

Orlando FSDO FAA Safety Team presents:

Pilot In Command Responsibilities

The Treasure Coast FAASTeam's own Stephen Schofield will be covering the not-so-obvious responsibilities such as a PIC's duty to his or her passengers and how this may affect our ADM in some instances. This not only entails meeting the various regulatory requirement to act as PIC but to go beyond these and strive for excellence. We owe it to our passengers, our families, and the aviation community as a whole.

Stephen will also have 3 accident scenarios (time will dictate how many we cover) that dovetail with this topic

The Orlando FSDO-15 FAA Safety Team (FAASTeam), along with your local Treasure Coast FAASTeam, encourages all aviation safety minded individuals to come and attend our every third Thursday of the month safety seminars. COVID-19 Statement: Prior to attending, please check for compliance with applicable federal, state, and local public health guidelines. Please bring a mask and anticipate social distancing.

Directions: Each meeting is held in a classroom inside the Skyborne Airline Academy maintenance hangar, which is located just west of the Vero Beach Regional Airport Main Terminal Bldg. Enter through the west side of the hangar, meeting is in Classroom M. Plenty of parking for cars and aircraft. For those of you flying in, park by the C.J. Cannon's restaurant at main terminal and walk west 100 yards.
